

# Ryan<sup>®</sup>EZT

Simple. Reliable. Cost Effective.

## Discover the World's Leading Strip Chart Recorder

Ryan<sup>®</sup>EZT is an easy-to-use, reliable and cost-effective choice for temperature monitoring. At the end of the trip the receiver breaks the tamper-proof seal, opens the instrument, and removes the chart of in-transit temperature conditions.

The legendary quality of the Ryan brand comes in a unit that ships pre-sealed and ready to start. The Ryan EZT includes individual instrument tracking, pre-shipment validation testing to NIST standards, and proven expert testimony in claim situations as standard services.
